GEOCROM METHOD, level II

Online course

Distance training to work in full with the Geocrom Method. Via phone are discussed some practices done by students started before, before beginning the second level. Concepts on human evolution, on the basis of neuropsychology, and on the quantum vision of therapeutics and spirituality. Comprehensive integration of all the healing archetypes from the Geochromotherapy. Review of the 14 codes or Archetypes of initiation and deep learning of the remaining 63 archetypes. This is the program of the second course, but before the student must have taken the initiation, understood the basic concepts of diagnosis and practiced a little with the Geocrom Method, seeing how these codes affect the body, psyche, energy and the soul.

Personalized course through direct communication with the teacher Marta Povo, through calls of whatsapp, skype, telephone or mail. A protected document of 200 pages is sent with links, videos, images, etc.
